Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Philosophy of War The world is a field of battle where liberty struggles with inertia by the opposition of active force. - Transcendental Magic, Levi, 31. It is only by the attractive force of the contrasts that the two opposites - Spirit and Matter - can be cemented together on Earth, and, smelted in the fire of self-conscious experience and suffering, find themselves wedded in Eternity. This will reveal the meaning of many hitherto incomprehensible allegories, foolishly called fables. - The Secret Doctrine, Blavatsky, Vol. II, 108. The chaotic conditions now existing in Europe have elicited many questions from our students, especially those in European countries, as to the mystical meaning and the philosophical reason for the apparent necessity for war, and why it is permitted by a God of Love and Wisdom. In other words, What is the reason for and the place of war in the Cosmic Scheme or the Grand Plan of the Universe? This lesson is an attempt, in a few paragraphs, to outline and make comprehensible a stupendous subject whose roots go deep into the beginnings of manifestation. For the War is an expression of cosmic law. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
