Royal Society of Chemistry. Hardcover. Book Condition: New. Hardcover. 804 pages. Dimensions: 9.3in. x 6.4in. x 2.0in. The environmental and health hazards created by industrial chemicals and consumer products must be minimized. For safer products to be designed, the relationships between structure and toxicity must be understood at the molecular level. Green chemistry combined with free radical research has the potential to offer innovative solutions to such problems. Some solutions are greener than others, and many necessitate significant financial investment. New...
